

STRABUSTECH Software services

Documentation

Home page:

The screenshot shows the homepage of the STRABUSTECH Software services website. At the top, there's a navigation bar with links for Home, About, Services, and Contact Us, along with a phone icon. The main header features the text "Exceeding Expectation & with Reliable IT Solutions" in large, bold, orange and white font. Below the header, there's a sub-header "Software Services" with a list of services: Financial Planning, Investment Solutions, Cloud Computing, and IT Support. A large image of two people working at a desk with laptops is in the background. A text block below the sub-header describes their services. At the bottom, there are two buttons: "Discover More" and "Contact Us".

The screenshot shows a documentation page from the STRABUSTECH Software services website. The top navigation bar includes Home, About, Services, and Contact Us, plus a phone icon. The page is divided into four main sections: "Strengths" (with an orange shield icon), "Objectives" (with an orange cloud icon), "Assisting Clients" (with a handshake icon), and "Background" (with an orange double-dot icon). Each section contains descriptive text about the company's capabilities and goals.

- Strengths**
A manpower strength of 150 people consisting of Project Leaders, Business Analysts, Software Engineers, Program Testers, Technical Writers, Business Executives and Administrative staff
- Objectives**
Delivering quality solutions in a cost-effective manner so as to transfer value to our clients, on-time, on-budget and comprehensively.
- Assisting Clients**
Assisting clients in their efforts to upgrade, migrate or resize their information systems from legacy systems to leading edge technologies
- Background**
Expertise in all three types of architectures viz., single-tier host-based systems, two-tiered client / server systems and the current three-tiered net-centric systems.

Please tell us about your idea, and we'll help you transform it into a successful solution.

At Strabus, we believe every great solution begins with a simple idea. Share your business challenges

First Step

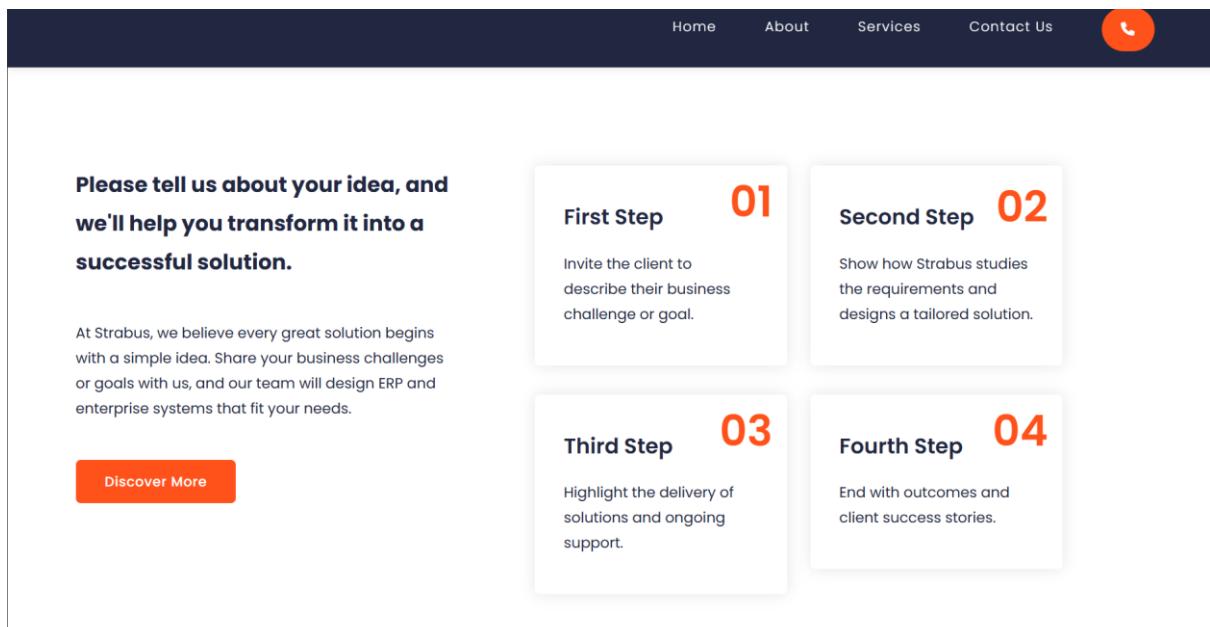

01

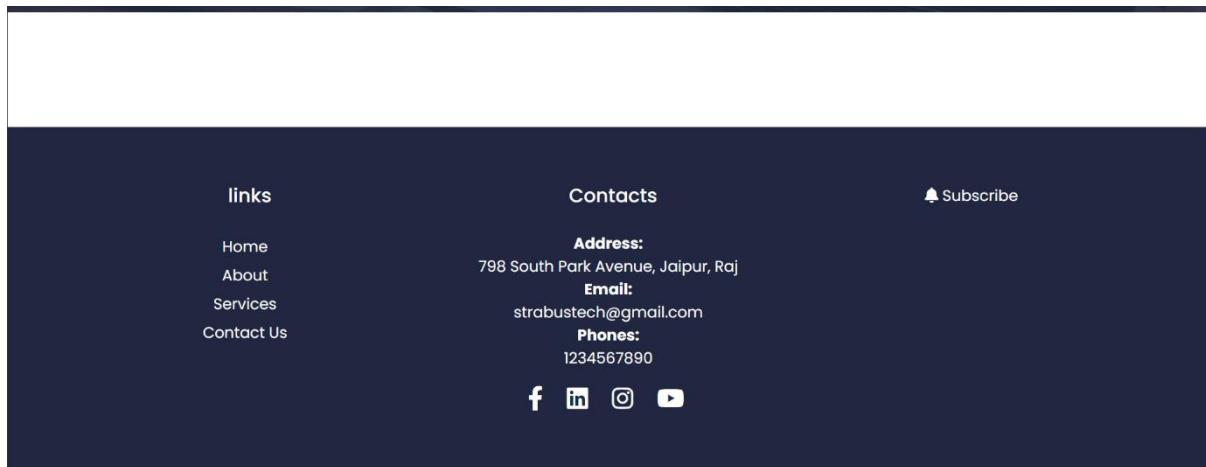

Invite the client to describe their business challenge or goal.

Second Step

02

Show how Strabus studies the requirements and designs a tailored solution.

Services Page:

A screenshot of the STRABUS Services page. The top navigation bar includes a logo, Home, About, Services (which is the active page), and Contact Us, along with a search bar and a user icon. The main content area features a large image of two people working on a 3D model of a mechanical part. To the left, there is a section titled "Design / Prototyping (partly onsite)" with a green icon of a 3D printer. Below this section is a detailed paragraph about the design and prototyping services offered by STRABUS. The paragraph states: "As part of our services, STRABUS can provide design & prototyping services. Our consultants retain skills in using RAD tools for prototyping. Based on an application design, they can quickly create prototypes that go with necessary documentation. Our methodology ensures that prototyping / application development is carried out using templates. These templates are developed in-house. Our consultants retain sound skills in both SSAD and OOAD techniques."
